Portfolio Guidelines (PDF format)

- **Advertising campaigns are expected** to be included in the portfolio. Those campaigns are **not restricted** to a set number of executions or types of channels and there is **no limit** to the lengths of execution or the media used. A campaign can consist of any mix of the following means:

Film	Press	Outdoor	Social Media
Digital	Radio	Design	Promo & Activation
PR	Mobile	Direct	Branded Content
- Video or interactive works can be presented by a few significant frames, with a link for “click-to-watch” or a QR code for “scan-to-watch” by Flash, QuickTime Player, or standard web browsers.
- Large scale 3-D works (e.g. sculpture or installation) can be presented with photos (but prepare to show the original works in online interview).
- Please highlight projects that involve team work (with two or more students in the team) in your portfolio, and specify your role in each project. Failure to indicate such work may result in disqualification. Individual projects are highly encouraged for inclusion in the portfolio.
- If Generative AI tools have been used to create any content of your portfolio, please indicate in your application.
- Maximum of works not exceeding 20MB submitted in PDF format.

Tips:

- Organize your works. **Label** each project **clearly** and consider the order they should be viewed. Ensure your **name** and **application number** are visible on your work in case they get separated;
- Any other details may be informed by email. Please **keep your email address accurate and updated** in your application record.
